### Description

Thank you for looking. Today I have up for auction a very rare item indeed!

Back in 2001, Eidos interactive held a special "Family and Friends" celebration for the release of the highly anticipated sequel to their action game "Fear Effect". At this shindig, the game's creators handed out a limited amount of promo Dental Dams, to commemorate their inclusion of what they thought were "Realistic non-stereotypical Lesbian role models" in Fear Effect 2. It is believe that the creators were later lynched for this same reason.

This is one of those few Dental Dams handed out at the party. I had two, but used one and can verify that this sealed one is indeed Lime flavored! You are bidding on the unused one still in my collection. It is believed that less than fifty of these were made! No Fear Effect collector can be without this item!
