Description

DOA Xtreme Beach Volleyball

PlayPartner

With the DOA Xtreme Beach Volleyball PlayPartner you can experience playing with a partner.. while playing with yourself!!

Finally solo players can truly immerse themselves in the potential gaming experience implied by this vivid title without being hindered by the terrible injustice of lacking any form of real human partner with which to share the excitement generated through playing such an involving gaming title.

After being connected to the Gaming console, the PlayPartner can be used by simply inserting the players joystick into the PlayPartner's main docking port, leaving the players hands free to play the game as usual. Furthermore the PlayPartners unique built-in rumble feedback system (4x AA Batteries included) allows the player to feel every move their character makes, while the fully air-based pressure control feature allows the player to reduce or increase the level of feedback as they see fit.

The PlayPartner was designed for compatibility with all potential Joystick designs and comes complete with a standard brand component insertion aid, however should the user be in the possession of a miniature compact design joystick it is suggested that the PlayPartner be used in conjunction with a pair of tweezers.

With the aid of the DOA Xtreme Beach Volleyball PlayPartner you can at last play with yourself in ways you had always hoped for when you first bought your copy of the game.

Go on, thanks to DOA Xtreme Beach Volleyball and the PlayPartner you won't just be playing with yourself anymore.. your console plays with you too!!

Product Note: While the PlayPartner may provide the player with a more involved gaming experience, this experience may make continuous play more difficult after a certain period of time and may lead to increased in-game jumping, running and falling by the player irrespective of whether it is appropriate to the game.

**Bidding starts at only 1p
P&P to be determined at end of auction.**

Auction note: This auction is not selling an actual PlayPartner, any winning bidder will receive only the text from this auction in an e-mail. Betty, the doll pictured in this auction, is a good wholesome doll who, despite looking and dressing like the village bicycle, would never think about sex before marriage and only whores her image and looks to boost her profile.. she's like Britney Spears except Betty hasn't actually been around the block several times. Think about it, there is no point bidding on this auction.
