THE EXPLORATION

I edge through the shady mounded clearing and on through the dense thickets of hot house rain forest undergrowth, of sorts I cannot tell, and wait ... and listen ... Distant rumblings of heavy feet crashing, large animals leap from the damp green stubble, to fight and kill.

I stay hidden ... the rumblings grow louder and louder, as a huge Goliath animal crashes past, horns swiping and tail lashing, still I hide as its thunderous noise dies away.

All was clear as I leapt over the clumps and onto the well trodden pathway, its deep ruts and prints reveal the multitude of life forms inhabiting this hollow. Danger threatens so I should move quickly ... But where???

THE EXPEDITION

Wide eyed, I stare, as the dense surroundings reveal their hidden secrets ... Strange food orchids suddenly bloom, their staining toxins, strong on the air, then, in an instant, are gone. Hunters, killers, vampire bats and huge beasts spring forth from the very ground, swimming, slithering, diving and crawling ... I must hide ... Stay safe ... With weapon strong and cunning nature, I will survive ...
