Thank you for selecting the Nintendo Entertainment System Chubby Cherub Game Pak.

OBJECT OF THE GAME/GAME DESCRIPTION
Chubby Cherub, a sweet little angel, enjoys eating and loves to help people. But life is never so simple. There are many obstacles he has to overcome before being able to enjoy some delicious food or partake in exciting adventures. Dogs are always trying to bite him. Birds continually peck at him. And when flying, he often gets covered with puffs of smoke from the chimneys. Even attempts to rescue a friend held hostage are thwarted when a burglar throws firecrackers at Chubby Cherub.

And all of these keep happening all the time! It's enough to get Chubby Cherub down. But with you at the controls, Chubby Cherub can prevail over anything or anyone who hinders him when helping a pal or eating a succulent shish kebob.

Make Chubby Cherub's day a great one! He's depending on you!

Please read this Instruction Booklet carefully to ensure proper handling of your new game. Save the Booklet for future reference.

- Each day covers a different adventure, and shows a different scenario. At the beginning of the game, the BONUS point is shown on the screen. The bonus point changes with each adventure.
- In the middle of an adventure, there will be a particular scene that will stop on the screen. The scene cannot advance until Chubby Cherub finds a particular object, food, or person in that scene.
- At the end of each adventure, Chubby Cherub must open a window of a building to find his friend, or to fight off the burglar and rescue his friend.

Chubby Cherub is often called upon to perform errands or to help people. For example, the Professor can ask him to deliver a Microcomputer (particular object). Or, he is told to give a flower (particular object) to the Mad Man as a present, for having caused problems in the past. Or, he has to discover a Clue to find his pal, Angelo, who has been kidnapped by a burglar and is being held hostage.

Chubby Cherub must overcome a number of obstacles (dogs, smoke, pipes, factory, forest, etc.) and perform his tasks in a given time in order to achieve his objectives.

CLOCK

The clock shows time from 8:00 a.m. to 8:00 p.m.
TECHNIQUES

JUMPING
The height of each jump is always the same. Chubby Cherub can jump on walls and roofs. While Chubby Cherub is jumping, if you press Right or Left on the Control Pad, he can jump to the Left or to the Right. While walking to the Left or to the Right, if you make Chubby Cherub jump, he'll go a further distance.

FLYING
While flying, Chubby Cherub moves at a faster speed than while walking. He also consumes more power when he flies. If he moves while eating food, he'll reduce his consumption of power. Chubby Cherub must keep on eating food while he's walking or flying.

SPECIAL CANDY
When Chubby Cherub eats a Special Candy, he can eject the 'GAU-GAU' cannon several times. This 'GAU-GAU' cannon makes Chubby Cherub's heart symbols. It makes the dogs scared and they run away.
