HINTS ON GAME PLAY

There are 7 gates and at the end of each gate is an evil demon. Once this evil demon is killed, a key will fall out of the sky. This key opens the next gate. At the 7th and final gate you must do battle with the Devil in hand-to-hand combat. If you win, the beautiful Princess is saved.

When the Knight is hit on his suit of armor, he loses his suit of armor. The 2nd hit kills the Knight. You control the Knight with a 4-way control pad; to climb ladders, run forward or backwards, and to duck down to avoid the evil demons. The A and B buttons on the control pad are used to AJ jump and BJ throw weapons. If you push A then B immediately afterwards, the Knight will throw the weapon while jumping. If you use the control pad in the down position with the B button, the Knight will duck down and throw weapons.

HINTS ON GAME PLAY

Throughout each scene there are Jars which hide 5 different weapons — Javelins, torches, swords, axes, and crosses. When the game begins, the Knight is armed with a javelin.

Javelins — when thrown, they continue off the end of the screen.

Torch — when thrown, they form an arc and continue burning. When they hit the ground, if there are two fires burning you cannot throw another torch until one burns out.

Sword — same as javelin but with more speed.

Axe — they also form an arc when thrown.

Cross — when thrown they fly straight and stop the enemies' attack.
HINTS ON GAME PLAY

Our beautiful Princess is kidnapped. Her lover, the Knight in his shining armor, is armed with five different weapons. The Knight must pass through seven gates, each guarded by an evil demon. As the Knight destroys the evil enemy demons, a key appears from the sky. This key opens the next gate.

At the 7th and final gate, your skill enables the Knight to engage in hand-to-hand combat with the Devil. Defeat the Devil and the beautiful Princess is rescued.

Each time the Knight is hit with enemy firepower, he loses his suit of armor. The 2nd straight hit kills the Knight. Throughout every scene there are jars which hide the 5 different weapons for the Knight.
