Collect 5 ③ balls in the Bonus Stage and
you earn an extra life.
Quick Passage Zone. What is it?

This zone allows you to pass on to the future stage more quickly. Before passing to the future stage, make sure you're ready to take on stronger enemies. If you've collected enough items you'll be strong enough to defeat your new enemies.

To get the high score

Here's a tip on how to get the high score. The special Bonus Stage and Break Time are important in getting a high score. Riding the sinking and moving rocks will also increase your score.

Tips on escaping the stronger enemies

Some of the stronger enemies like Uni—Gon and Dragon are hard to defeat. Here's some tips to help you escape from them. When they appear, rush into the Quick Passage! You appear on the other side. But they still run after you. When they get closer, run into the Quick Passage again!

Throw rocks at your enemies!

Some of rocks jump out when you hit them. Attacking your enemies with these rocks will give you a chance to score a lot of points.
Power Balls

Hit the (c) that come from rocks and blocks you smash, and (s) appear. Collect a (s) and when you press the A and B Buttons at the same time, (p) balls appear. Collect a (p) ball your enemies will turn pale! Any enemy that has turned pale can be defeated by just touching them. Even Uni—Gon can be defeated with just one stroke.
