## THE STORY

You and your skateneck buddies spend your days ripping the streets, looking for fun, hurting nobody. You got tunes in your box, chili fries in your mouth, and a rad ramp in your backyard. Life is sweet.

Then one fine day, you’re tearing down the sidewalk when you accidentally run over the mayor’s wife’s poodle. *Splat.* The dog is pushing up daisies and Mrs. Mayor is foaming at the mouth. She goes on a psycho anti-skate rampage and forces her old man — a nice but regrettably spineless bureaucrat — to dig up a law that condemns your ramp to the scrap heap. Whaddya do?! You gotta build a new ramp by legal means. To do this, you gotta go through 4 levels in search of bucks for the building permit and plans for the ramp. Get through all 4 levels and it’s competition time on the wicked Double Trouble Half-Pipe.
1. Make sure the power switch is OFF.
2. Insert the Skate or Die 2 cartridge as described in your Nintendo Entertainment System manual.
3. Turn the power switch ON.

When the title screen appears, press START to get introduced to the main characters. After the introduction, press START again to go to the first video.

**Heading Straight for Double Trouble**

The monster Double Trouble ramp is the pie at the end of the story, but nobody's keeping ya from throwing down yer dessert first. You can blow off Levels 1-4 and go straight to the Double Trouble competition if you want. Here's how: Follow the instructions under SET UP.

When the title screen appears, press SELECT.

To learn how the controls work on the ramp, check out the section called Double Trouble Competition.

**BETWEEN LEVEL VIDEOS**

Before you begin play, a short video gives you a rap on where the story's going. If you've already seen the show and you want to blow past it, press START to jump straight into the action.

**RAP WITH RODNEY**

The first person you meet is Rodney, cool dude and owner of the only local skate shop. Press button A or B to read what Rodney's got to say.

Doing Moves
You start out with these three moves:

To do a move, hold down button B and press a direction on the control pad.

As you’re tearing up the ‘crete, Lester’ll come by and offer to teach you more moves. You can program which three moves you can do. See Your Rad Pack for details on programming moves.

Pausing The Game
To pause the game, press START. Press START again to continue.
**TUNES N’ MUNCHIES**

Snag tunes and munchies for trading. Sometimes you’ll just run across these items on the street. You might collect more tunes and munchies if you’re good with your weapon!

- **Cassette Tapes** — Garage bands to blast your ears by.
- **CDs** — Social deviance on disc.
- **Tacos** — Maxi-Mexi skarf material. More, por favor?
- **Chili Fries** — Spicy spuds of fried perfection coated in tasty Tex-Mex tenderloin.

**LIFE POINTS**

You start out with 16 life points. You lose life points when critters bite you, when other skaters hit you with a weapon, and when you fall off your skateboard. You flash briefly whenever you lose a life point.

Squash a happy face for that refreshing feeling of longer living.

---

**RODNEY N’ LESTER**

Two dudes you want for friends. As owner of the only skate shop in Elwood, Rodney’s always got the hottest equipment around. That’s him skarfing a mondo burger. Son Lester is the gnarliest thrasher in the neighborhood — hardly surprising, given his home life.

You’ll run into these dudes out and about Elwood, and they’ll trade you tricks and boards for tunes and munchies.

---

**YOUR RAD PACK (BAG O’ TRICKS)**

*If you’re sure that you don’t want to swap anything with Rodney or Lester, press button B to go back to the action.

THE LEVELS

The game clock will stop at 10 hours, but you can continue playing until you run out of life points or win the game. If you run out of life points, sorry—game over dude! Note: Whenever you start a level over, one hour gets added to your total game time.

LEVEL 1: MAD DOGS IN THE STREETS

The mayor’s wife has declared an all out war on skaters — you’re not gonna disappoint her. It’s righteous revenge for the major hassle this lady’s causing. Rumor has it she’s in a warehouse flattening somebody’s good day with a rolling pin. Skate around and look for her. While you’re at it, pick up tunes and munchies and get as much help as you can from Rodney and Lester. The better your board and the more tricks you can do, the better you’ll do on the next levels.

Whaddya do when you find Mrs. Mayor? You got M-80’s, eggs, and a paint gun — figure it out.
Characters N' Critters

Ravenous Pitbulls — Nasty nippers.
Skaters — Dudes, deviants, fuzzheads & poseurs.
Punching Gators — No easy pushover.
Sewer Rats — Squashable rodents of unusual size.

LEVEL 2: MONEY IN THE MALL
Dude, your ramp's been demolished. You need a building permit. You need bucks. You need a job (ugh). The local mall merchants are paying rippers like you for speedy deliveries. Pick up packages, then weave through those zombie-shoppers. Don't be late more than 4 times or you're out of a job and out of a ramp. Make your deliveries faster than light and someone just may slip you something useful.

Characters N' Critters

Officer Renckley — Mall security. Hates kids, hates skaters most of all. Skate cool when he's in eyeball range.
Zombie Shopper — The many, the mindless, the credit-wielding consumers.

LEVEL 3: BLOWIN' ALONG THE BOARDWALK
Rodney had the designs for a mean but by-the-books legal ramp. Then a bogus flip-o'-the-fan-switch blew your big plans out the window. You gotta go collect 'em before they soar off the boardwalk and sail to Hawaii. Pick up all 16 pages before they go off the right edge of the 'walk.

Characters N' Critters

Crunchy Crabs — Stomp on 'em if their pinching's a pain.
Rollerskater — Disaster on wheels.
Yo! A page of the ramp plan!
Buff Dude — Immovable pecs of perfect pumptitude.
Mad Gulls — Death from above. May rip off more than a life point.
LEVEL 4: ROOFTOP MANIA
Icepick, the rolling refrigerator, has skated off with your main squeeze, CJ. Even worse, he took the building permit for your ramp. You gotta dodge Icepick’s goons, nab the permit, find your way to the top of the warehouse, and save the girl. The fate of the ramp and the future of Elwood’s skate scene is in your paws.

Characters N' Critters

CJ — Tied up at the moment and in need of assistance.

Icepick — Maybe society's to blame, but he's still ugly.

Icepick’s Gang — They're bad. You better be badder.

The building permit! Ta daaa!

DOUBLE TROUBLE COMPETITION

Time — You get 3 minutes to complete your set.
Speed — The moves you can do depends on your speed. See the following pages for details.
Extra Boards — You get 3 extra boards in each set (4 wipeouts).
Move Score — Your score for the last move you did.
Total Score — Your total score for the competition.

ARTIST BIO

What do David Bunch, Eric Knopp, and Michael Kosaka have in common with Sandra Day O’Connor, Ronald Reagan, and the space shuttle Columbia? They all started new ventures in 1981.

Dave, Eric and Michael each published their first original computer game that year, and never looked back. Their hit list reads hot and long and includes The Games: Winter Edition™, The Games: Summer Edition™, Budokan: The Martial Spirit™, Ski or Die™, and of course the original Skate or Die®. A lot of code and pixels have gone under the bridge since then to bring you the latest and greatest adventures of Rodney and Lester.
