1. STORY

In a century on the Space Calendar, earthmen were driven from the lands into the ocean floor by a great devil named Mandora and monsters under his orders. The Earthmen decided to fight against Mandora to win back the lands favored with sunshine and trees and organized an organization called TERRA CRESTA for the purpose of winning back the earth. Fight and beat Mandora! Take back parts from the hauglar and attack enemies utilizing battle formation techniques.

A variety of attacks are possible through the power-up by the docking with a lot of parts you have or the re-assembly by combining separated parts. After beating more than 30 enemies, you will have to destroy the Great Devil named Mandora in a single combat.
