## Description

*Item Specifics - Video Game Systems*

Platform: **Nintendo NES**

Format: **NTSC (US, Canada)**

Bundled Items: **Accessories, Game(s)**

Condition: **Used**

A real north american Top Loader! This isn't one of those little black famicom things. Games load through the ah, slot in the top of the case. Only thing, is the screen usually blinks blue. It used to work with a lot of fiddling and blowing on the games and in the system, but doesn't seem to anymore since I tried to fix it. So as a bonus, I'm including 2 dogbones, zapper, game, power supply, rf switch and

everything else pictured. Buyer pays actual shipping costs.
