Item Specifics - Video Game Accessories

Platform: **Nintendo, Super**

Condition: **Used**

Hello! Today up for auction is the Guide/Manual for the highly sought after game Earthbound, for the Super Nintendo Entertainment System. But, alas, this is the only positive part of the auction...

I don't know what happened to it... wait, yes I do! One of my pets probably went to the bathroom on it. *Sigh* I can't blame it on them. It was... sniff... ME! I accidentally went to the bathroom on it. I may have been drunk, but wait a second! I don't drink! Maybe it was a drunk robber, as he robbed me of the final scratch and sniff card out of this book and must have sent it away for the Mach Pizza Air Freshener! Why didn't he take the Fire Dog one? It stinks horribly! Like a mixture of bathroom and whatever the card used to smell like! I can't keep looking at this guide... All the bad memories keep flooding back to me! So do you want it? If you happen to be the lucky winner, it will bring you happiness. Maybe. How much will shipping be? Anywhere from \$1,500 and up, as I'll deliver it right to your door. I can't trust mailing companies with this item. If it ever got lost in the mail, I'll never know what the meaning of life is!? Use insurance? What?! No. Go away and let me be one with this guide!!!

Added 1/9/05 (My 25th Birthday!):

Hi. This is DDCecil. I hope you have all learned a lesson. Keep your stuff near mint. One day it may be worth something. The owner of this guide before me didn't take care of the guide. Now it isn't worth anything. Thank you and good night everybody!

THE END

An Update: Where are they now?

The pie plate is now clean and the guide went back on my shelf, with me hoping to find a mint one sometime in the future.
