Description

No Joke!
Ghost In A Jar.

I don't have enough space here to tell the complete story behind this, so I will briefly go over it. Back in the early 1990's, while out metal detecting, I came across an old abandoned mall with the foundation of a homesite or arcade or something nearby. While searching around the foundation, my detector indicated there was something in the ground close by the southwest corner of the foundation.

After digging down about 2 feet my shovel struck a wooden box that had nearly

rotted out. The metal hinges and hasp were about all that was left of it. I thought I had discovered a fortune! Boy, did that ever turn out to be wrong!!

There were 2 jars and an old journal in the box. The jars had some strange writing and symbols on them. While getting the jars out of the ground, I dropped one and it broke. A yellow mist or something seeped out of it. I should have known something was wrong right then and covered the find back up but being young and foolish I didn't. I left the broken jar with what looked like some sort of pellets in it there where it fell and took the other one (see the pictures) and the old journal home.

What I was able to read in the journal before the pages crumbled made the hair on the back of my neck stand up! That night, I had my first visit from what I can only describe as "The Yellow Thing". While lying in bed, this "thing" fell on me and it felt like I was being dragged down thru the bed and the floor, into someones jaws if you will! I struggled with it and managed to somehow escape its clutches.

Since that time, I have been attacked twice more and both times the unopened jar was in the close vicinity. I and others have caught fleeting glimpses of a yellow shadowy thing out of the corners of our eyes as it would pass from one room to another. We have also heard some sort of echoing whisper of an odd beeping noise, that escalates in intensity.

I finally talked to someone who is versed in these things and was told that the only way to rid myself of this thing was to pass the unopened jar on to someone else. Therefore, I am offering to you, if you dare, the "Ghost in the Jar". With it I am sure you will be getting the "Yellow Thing" also. If you are brave enough to want this, bid to your hearts desire!

PLEASE only bid if you have a real desire and some way to deal with this. What you will receive for your money is the jar pictured along with some of the original black and white photos depicted here and others. You will also receive a complete written version of everything from the original finding of the jars and to the best of my recollection what was contained in the old journal. I will also tell you what I was able to find out about this from the person who told me to pass it on.

Be advised that once you buy this it is yours and I will have nothing ever again to do with it! ALL SALES ARE FINAL! You must contact me within 24 hours of the close of the sale to make payment arrangements and to arrange for delivery which the buyer is liable for. Payment must be made within 7 days of the close of the auction. P.S. As to the photos running with this, please note the one with the what looks like some sort of apparation in them. I discovered this after turning them in to be processed. I WAS ALONE THERE THAT DAY! This too will be gone over in the written "Diary" which comes with the purchase. Remember, DON'T bid unless you are seriously wanting to own this as I WILL NOT BE HELD RESPONSIBLE FOR ANYTHING THAT HAPPENS ONCE THE TRANSACTION IS COMPLETE!

Note the odd apparations in every picture.

Notice the strange markings on both the jar as well as the lid.

PLEASE email with Any Questions.
