Description

Up for auction today, we have a piece of a Neo Geo game. Now before you hit that back button on your browser, hear me out. This may only be a piece of a Neo Geo game, but you never know, it could be a part of what once was Metal Slug. And that would make this piece of plastic worth 100 dollars or even more. Or even better, it could have been a prototype Neo Geo game at one time. And we all know how tough it is to find a Neo Geo proto. I'm talking near impossible here. If this indeed used to be part of a prototype Neo Geo game, this could put the value of this item in the thousands, or even as much as 10,000 dollars!!!!!!111!!!111 WOW, OMG, imagine how totally awesome that would be. And in the small chance that it turns out to be from a common cart, for example, Fatal Fury Special, you could always lie to your friends and say it's part of a proto and you would be the coolest kid on your block, or possibly even your town. No one would even come close to being as cool as you. Just think, this chunk of plastic that was once a video game, could be your key to getting all the girls you could possibly dream of. **BID NOW** or forever remain a loser.

For payment I accept paypal, money orders, cigarettes, food stamps, welfare cheese, or taco bell coupons. I'd even take a date with your sister for payment, as long as she is at least 18 and decent looking. Don't want no jailbait or a girl with a mustache, you know what I'm saying.

Anyways, good luck bidding, and please don't hesitate to ask me any questions about how cool and/or awesome you'll be once you own this. This piece of Neo Geo history is virtually guaranteed to make you stronger and better than everyone else you know.
