## Description

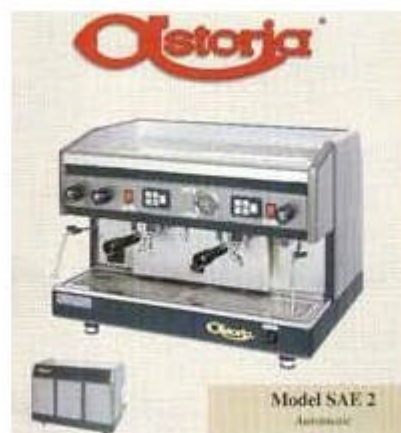

You are bidding on THE most advanced gaming system of all time. This is intense. The sega dreamcast was a powerhouse before but not untill Saddam Hussein got his hands on it. Not only are you buying his custom made Dreamcast but you are bidding on his secret plans to destroy us. !!!! Yes that is correct. Saddams master plan was to infiltrate american homes using the sega dreamcast, poor Saddam, to bad he picked sega over the others....or...is he aiming for hardcore gamers? hmm conspiracy? dont know but just look at the awesome awesomeness of the sega dreamcast below, for it had many functions. It accually can turn into a tank, be used to make nice espresso, as well as play video games and self destruct. Just take a look
