GAMMA-ATTACK

Number of Players: Single Player

Controller: Use right joystick controller

Difficulty: Difficulty switches not used

Game Selections: 1 - Slow Motion

2 - Normal Speed

3 - Fast Speed

4 - Expert Speed

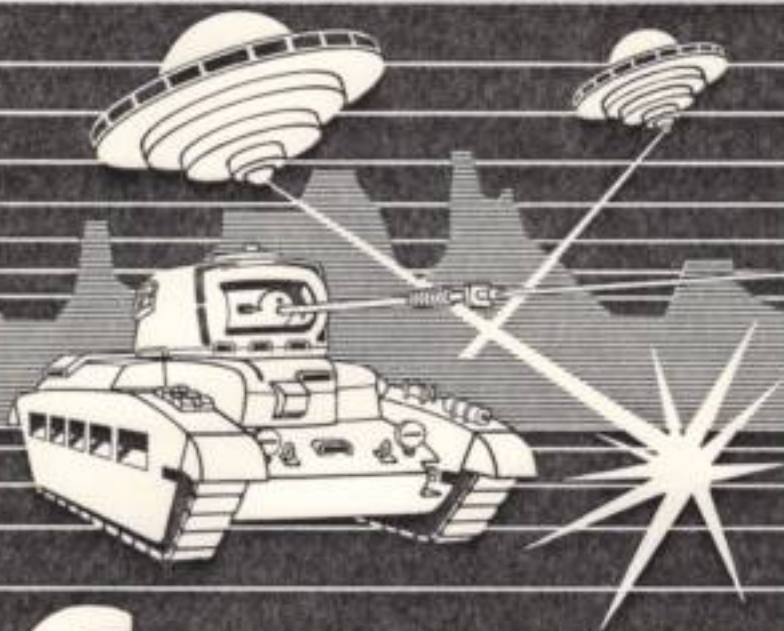

Game Play: You are the commander of the only GAMMA ship in this stellar field. The Vegan war fleet has taken control of your GAMMA outpost planet and is defending it with Vegan laser pulse tanks. This planet is the only inhabitable planet in this star system, and you must stay there and fight the Vegans as long as you can!

Game Finish: Each laser pulse hit that your GAMMA ship receives reduces your hovering altitude until you crash and the "GAMMY" appears on the screen.
